QUALITY POLICY

HBM is a fastener supplier and our success depends on supplying to customers finished products and services that meet or exceed our customers' requirements. We are committed to supplying high quality products and services to all our customers at competitive prices.

We will continue to endeavour to develop partnerships with our customers to achieve a high degree of mutual confidence. Our company works closely with its suppliers to ensure that all purchased materials and services fully meet the requirements intended.

All of our employees are dedicated to and responsible for a Total Quality System. Commitment to continuous improvement is an ongoing process.

The Quality Policy is understood, implemented, and maintained at every level of the organisation.
